

Occupational Therapist Assistant HAT

MISSION of Dynamic Therapy Specialists:

“To Be MORE, Do MORE, and Expect MORE from Ourselves and FOR our Clients”

PURPOSE:

“Be MORE, Do MORE and Expect MORE by making important quality of life changes in the lives of all children.”

VALUABLE FINAL PRODUCT OF OT HAT:

A fully completed plan of care resulting in an educated and satisfied client and family who have experienced important quality of life changes.

SUB-PRODUCTS for the OT HAT:

- Administering well thought out treatment plans that outline treatment goals with all clients and monitoring progress weekly
- Ensuring and celebrating client successes with goal mastery
- Assisting in the coordination of each client’s care with DTS team members and other healthcare professionals
- Adhering to home programs, teaching and monitoring progress on home exercises, and ensuring success for all families with their home programs
- Paying gratitude forward by participating in student clinician training
- Participating in ongoing in-house training and advanced continuing education to improve clinical skills, interpersonal communication, and leadership abilities
- Adhering to DTS Core Values and supporting and engaging in a positive DTS work culture at all times
- Participating in any task that is in-line with the mission of DTS
