

Speech Language Pathologist HAT

MISSION of Dynamic Therapy Specialists:

“To Be MORE, Do MORE, and Expect MORE from Ourselves and FOR our Clients.”

PURPOSE:

“Be MORE, Do MORE and Expect MORE by making important quality of life changes in the lives of all children.”

VALUABLE FINAL PRODUCT OF SLP HAT:

A fully completed plan of care resulting in an educated and satisfied client and family who have experienced important quality of life changes.

SUB-PRODUCTS for the SLP HAT:

- Assessing patients, creating well thought out treatment plans that outline treatment goals and monitoring their progress
- Ensuring and celebrating client successes with goal mastery
- Coordinating each client’s care with DTS team members and other healthcare professionals
- Complete well written evaluations, well thought out treatment plans, and accurate and well-written SOAP notes completed as part of every session.
- Paying gratitude forward by participating in student clinician training
- Participating in on going in-house training and advanced continuing education to improve clinical skills, interpersonal communication, and leadership abilities
- Adhere to DTS Core Values and support and engage in a positive DTS work culture at all times
- Participate in any task that is in-line with the mission of DTS
